

ANTI-OX

BOILER WATER OXYGEN SCAVENGER

Description	<p>Anti-Ox is an oxygen scavenging solution designed to minimize the effects of oxygen on filters containing flammable metal dust such as aluminum or magnesium. This is designed to chemically absorb oxygen until the filter dries. Anti-Ox also contains a stabilizer that will retard the corrosion of metals caused by an unstable stability index. Anti-Ox is pH neutral to minimize potential metal corrosion problems as a result of a low or high pH. Anti-Ox, when mixed with water produces a clear solution. This product's reactivity with oxygen suggests that the product not be stored for any time in excess of 6 months.</p>										
FDA Compliance	<p>This product is acceptable for treating boilers or steam lines where the steam produced may contact edible precuts in official establishments operating under the Federal meat, poultry, shell egg grading, and egg products inspection programs.</p>										
Product Data	<table style="width: 100%; border: none;"> <tr> <td style="padding: 2px;">BOILING POINT:</td> <td style="padding: 2px;">212 F</td> </tr> <tr> <td style="padding: 2px;">SPECIFIC GRAVITY:</td> <td style="padding: 2px;">1.279</td> </tr> <tr> <td style="padding: 2px;">SOLUBILITY IN WATER:</td> <td style="padding: 2px;">Soluble</td> </tr> <tr> <td style="padding: 2px;">EVAPORATION:</td> <td style="padding: 2px;">1.0</td> </tr> <tr> <td style="padding: 2px;">APPEARANCE AND ODOR:</td> <td style="padding: 2px;">Clear to white liquid, slight odor</td> </tr> </table>	BOILING POINT:	212 F	SPECIFIC GRAVITY:	1.279	SOLUBILITY IN WATER:	Soluble	EVAPORATION:	1.0	APPEARANCE AND ODOR:	Clear to white liquid, slight odor
BOILING POINT:	212 F										
SPECIFIC GRAVITY:	1.279										
SOLUBILITY IN WATER:	Soluble										
EVAPORATION:	1.0										
APPEARANCE AND ODOR:	Clear to white liquid, slight odor										
Dosage	<p>Anti-Ox should be fed at 64 oz. per 1000 gallons of system water.</p>										
Safety & Handling	<p>Please refer to the MSDS before using or handling any product. In case of emergency contact Chem-Tel 24 hours a day at 1-800-255-3924.</p>										
Storage	<p>Product should be protected from extremes in temperature. Store between 50-104 degrees F. Keep this and all chemicals away from flames and do not smoke or weld near container.</p> <p>PROTECT THIS PRODUCT FROM FREEZING</p>
