

Cleaner 11

Description	<p>Cleaner 11 is a combination of dispersing agents and scale inhibitors formulated for in-line cleaning and treatment of industrial water systems. This product aids significantly in the removal of old deposits of scale, mud, oil, slime, and other fouling materials and prevents the formation of new nonmicrobiological deposits. It is recommended for use in boilers, cooling water systems, air washers, and other industrial water systems. Cleaner 11 is used as an adjunct to other Chem-Tech products.</p>
FDA Compliance	Not to be used in food contact.
Product Data	<p>APPEARANCE: Cloudy white liquid</p>
Dosage	<p>The rate of descaling controlled by the concentration of Cleaner 11 in the system. Therefore, the most effective dosage of this product will be determined by a Chem-Tech representative after a thorough analysis of the water system. Dosage rates will vary based on system needs.</p>
Safety & Handling	<p>Please refer to the MSDS before using or handling any product. In case of emergency contact Chem-Tel 24 hours a day at 1-800-255-3924.</p>
Storage	<p>Product should be protected from extremes in temperature. Store between 50-104 degrees F. Keep this and all chemicals away from flames and do not smoke or weld near container. PROTECT THIS PRODUCT FROM FREEZING</p>
